

Columcille Megalith Park Welcomes Connecting to the Divine Feminine Within

**Sunday, October 4th
1:00 – 5:00 pm**

Experience how meditating before an art project can open up your feminine intuition and creativity. Our collage project is something like a vision board in the materials used, but is Soul inspired with a spiritually-oriented theme. If you know how to use scissors and glue sticks, and can doodle with gel pens and colored pencils, you have all the art skill you need. Art materials will be provided for your use on this project at no charge. A large number of images will be available for use. Come relax and have fun playing with art with childlike abandon.

You are encouraged to bring along a copy of some photos of yourself that could easily be cut out in case you want to use one. You might also want to bring a copy of a photo of someone who is your divine feminine role model if you have one.

Limited seating is available.

For more information, visit our website at
www.columcille.org

\$20 suggested donation

Space is limited so please RSVP to
columcilleevent@ptd.net

Columcille Megalith Park exists as a playground of Myth and Mystery. We strive to offer programming that represents diverse spiritual, philosophical, and ceremonial traditions to allow our community to explore many different systems in greater depth. Workshops and presentations at the Park do not necessarily reflect the Park's or the Board of Directors' beliefs, traditions, or worldview.
